MANAGEMENT DISCUSSION AND ANALYSIS

Dear Valued Shareholders,

It gives us great pleasure to present the Management's Discussion and Analysis ("MD&A") of Metro Healthcare Berhad ("Metro" or "Company") and its subsidiaries ("Group") for the financial year ended 31 December 2024 ("FYE 2024"). Despite the fluid economic landscape, our Group remains steadfast in its commitment to deliver enhanced, patient-centric healthcare solutions, with a special emphasis on fertility and obstetrics & gynaecology ("O&G") services.

In 2024, we achieved a key corporate milestone by successfully transferring our listing from the LEAP Market to the ACE Market of Bursa Malaysia Securities Berhad ("Bursa Securities"). This marks a new chapter in our corporate journey, positioning us to capture the growth potential of Malaysia's fertility, obstetrics, and gynaecology market — an industry forecasted to reach RM469.9 million by 2026 at a CAGR of approximately 11.00%.

In this MD&A, we aim to provide you with relevant insights into the Group's operating environment, financial performance, key operational highlights, risk management strategies, and future prospects.

BUSINESS OVERVIEW

Metro operates as an O&G healthcare service provider, concentrating on reproductive medicine and O&G to meet the dynamic healthcare needs of women and families in Malaysia. Since its establishment, the Group has built a strong presence by expanding strategically into key regions within the central, northern, and southern parts of Peninsular Malaysia.

As of 2024, the Group commands a network of 16 facilities, each designed to deliver a comprehensive suite of treatments and services that encompass fertility services, O&G healthcare offerings, and complementary paediatric care. This emphasis on holistic care, beginning with pre-pregnancy planning and extending to paediatric follow-ups, has been a defining feature of the Group's approach to women's health and family well-being.

Fertility Services

Metro's fertility offerings remain a cornerstone of its operations. Advanced assisted reproductive technology (ART) procedures, such as in-vitro fertilisation (IVF) and intracytoplasmic sperm injection (ICSI), provide patients with cutting-edge options to increase their chances of

conception. Specialised fertility protocols, including Pre-implantation Genetic Testing (PGT), address more complex reproductive issues and significantly raise success rates for individuals or couples seeking to conceive. The Group complements these medical interventions with robust counselling and patient education programmes, reflecting a deeply personalised approach to reproductive healthcare.

O&G Healthcare Services

Beyond fertility-focused solutions, the Group's O&G offerings address a wide range of women's healthcare needs. Obstetrics services include comprehensive antenatal check-ups, labour delivery services, and post-natal support, all overseen by specialised doctors and trained medical professionals who prioritise patient comfort and positive clinical outcomes. Gynaecology services cater to various aspects of women's reproductive health, covering routine screenings, minimally invasive procedures, and targeted treatments for conditions affecting the uterus, ovaries, and other components of the female reproductive system. This continuum of care ensures that women receive attentive medical services at every stage, from pre-pregnancy guidance through postpartum recovery.

MANAGEMENT DISCUSSION AND ANALYSIS

(Cont'd)

Paediatric Services

To provide a family-centric healthcare experience, Metro supplements its core O&G business with paediatric care. The Group's paediatric services focus on monitoring the health and development of newborns and children up to 12 years old. In-house paediatricians administer standard immunisation schedules and treat common paediatric ailments. By integrating paediatric services alongside obstetrics and fertility treatments, Metro ensures a seamless transition of care for parents and their young children in a single, trusted medical environment.

A major milestone in 2024 was the successful transfer of Metro's listing from the LEAP Market to the ACE Market of Bursa Securities. This achievement reflects the Group's steady progression in scaling its operations to serve a broader patient base, while also upholding the clinical quality and patient-centricity that underpins its reputation. The transfer exercise has positioned Metro advantageously to capitalise on the growth of the fertility and O&G market, which is expected to expand at a robust pace over the next few years. By actively broadening its geographical reach, integrating innovative medical technologies, and recruiting highly qualified medical professionals, the Group aims to further enhance its service range and reinforce brand recognition in the healthcare sector.

REVIEW OF FINANCIAL PERFORMANCE

The favourable outlook for Malaysia's fertility, O&G services industry—highlighted in the Independent Market Research (IMR) report in Metro's Prospectus—has played a key role in propelling the Group's performance in 2024. The IMR report projects a compound annual growth rate of 11.00% in the fertility, obstetrics, and gynaecology market through 2026, underscoring an expanding demographic of women requiring specialised reproductive care, combined with rising awareness and willingness to invest in fertility services.

These industry tailwinds bolstered Metro's revenue growth to RM48.65 million (FYE2023: RM44.69 million), marking an 8.87% increase from the preceding year. This growth was primarily driven by higher patient volumes in both fertility and O&G services. As a result, gross profit rose by 9.12% to RM19.73 million (FYE2023: RM18.08 million), which is in-line with the revenue growth.

Profit before taxation ("PBT") was RM7.17 million (FYE2023: RM8.54 million), reflecting a 16.09% decrease mainly due to one-off listing expenses of RM2.37 million from Metro's successful transfer to the ACE Market. If these expenses were excluded, the Group's adjusted PBT would stand at RM9.54 million, illustrating the underlying strength of its operations. Metro recorded net profit for the year of RM4.56 million (FYE2023: RM6.25 million), equivalent to earnings per share ("EPS") of 0.47 sen (FYE2023: 0.76 sen).

On the balance sheet front, total assets surged to RM96.03 million (FYE2023: RM59.78 million), bolstered largely by proceeds from share issuance pursuant to Metro's transfer of listing to the ACE Market of Bursa Securities that increased the Group's share capital from RM18.16 million to RM56.29 million. Cash and cash equivalents grew significantly to RM51.41 million from RM15.16 million, while net assets rose to RM75.62 million (FYE2023: RM37.38 million), translating into net assets per share of 7.72 sen (FYE2023: 3.82 sen).

Capital expenditure ("CAPEX") for FYE2024 amounted to RM4.42 million (FYE2023: RM3.55 million), reflecting ongoing investments in property, plant, and equipment. Among these were the purchase of new medical equipment and renovation for the new facilities and facility enhancements within the Group's existing medical facilities. Metro also reported RM0.22 million in authorised and contracted CAPEX commitments, primarily for the renovation of a facility in Kelantan, underscoring its continuous drive to elevate service offerings and patient experience.

REVIEW OF OPERATIONS

Metro continues to refine its operational capabilities and service portfolio in alignment with the growing and evolving needs of women's healthcare in Malaysia. Over the FYE 2024 the Group concentrated on improving clinical outcomes, expanding geographical coverage, and integrating new technologies in both its core fertility segment and its wider O&G offerings. The enhancements made within each service area reflect Metro's strategic commitment to uphold high standards of care and patient-centricity.

Fertility Services

In FYE2024, Metro strengthened its ART procedures by upgrading laboratory environments and acquiring new equipment and medical devices that enhanced precision and efficiency of IVF core protocols. Alongside these mainstream procedures, the Group intensified its focus on specialised fertility treatments, such as PGT. To accommodate rising demand, several of the Group's existing fertility centres underwent facility enhancements, leading to shortened patient wait times and a more comfortable treatment experience. Marketing campaigns conducted during the year also played a role in boosting awareness of the Group's fertility services, contributing to a steady inflow of new patients seeking advanced reproductive care.

MANAGEMENT DISCUSSION AND ANALYSIS

(Cont'd)

Other O&G Healthcare Services

During FYE2024, the Group expanded and upgraded labour ward infrastructure in selected hospitals, enhancing maternal comfort and broadening the capacity for deliveries. These operational updates have been complemented by continuous training for medical professionals, ensuring that they remain conversant with evolving industry best practices, surgical innovations, and patient safety standards.

Complementary Healthcare Services

Over the course of FYE2024, the Group strengthened its standardized protocols for perinatal care—including neonatal resuscitation, caesarean deliveries, and preterm labor—to ensure consistency in clinical practice and seamless handoffs between teams. In parallel, enhancements to the shared electronic medical record system for both obstetrics and paediatrics further improved team coordination, communication under pressure, and preparedness for complex cases.

Throughout FYE2024, Metro also implemented targeted promotional initiatives to amplify public awareness of its fertility and O&G offerings, engaged in selected community outreach programmes aimed at underserved areas, and leveraged digital tools to streamline administrative tasks. The combined effect of these measures was a more responsive healthcare system, improved clinical throughput, and a better overall patient experience. These results underscore the Group's continuous drive to evolve in tandem with Malaysia's growing demand for advanced reproductive and maternity healthcare solutions.

ANTICIPATED AND KNOWN RISK

Metro operates in a rapidly evolving healthcare environment, and the Group's ability to achieve sustainable growth hinges on effectively identifying, evaluating, and responding to various risks that could affect its business performance. In line with the disclosures in the Prospectus, these risks span operational challenges, regulatory compliance, workforce considerations, and the security of digital systems.

Potential Disruptions to Operations

The Group's reliance on physical healthcare facilities makes it susceptible to potential disruptions arising from pandemics, natural disasters, or other unforeseen events that could hinder day-to-day activities. Because fertility and O&G procedures are time-sensitive, particularly in critical interventions such as births and certain advanced fertility treatments, any interruption in facility operations could delay patient treatments and impact patient satisfaction. Management has put in place business continuity plans that cover resource allocation, backup systems for medical equipment, and clear operational guidelines to mitigate downtime. These measures are regularly tested and updated to ensure readiness in the event of sudden operational disruptions.

Dependence on Qualified Talent

Metro's reputation is closely linked to the calibre of its medical professionals, including doctors, embryologists, nurses, and other specialised healthcare providers. As detailed in the Prospectus, retaining and attracting top-tier talent is critical to delivering consistent quality care, sustaining patient trust, and preserving brand credibility. Highly qualified doctors and embryologists, particularly those versed in advanced reproductive technologies, are in demand across the healthcare sector. The Group addresses this risk by offering competitive remuneration packages, investing in continuing medical education, and creating pathways for career growth. Such efforts not only retain key personnel but also attract new hires who bring added expertise and innovation.

Legal and Regulatory Risks

The healthcare industry is governed by stringent regulations and licensing requirements under agencies such as the Ministry of Health ("MoH") and the Private Healthcare Facilities and Services Act 1998 ("PHFSA 1998"). Metro's business model—which encompasses ambulatory care centres, hospitals, and clinics—places it under multiple layers of regulatory oversight. Non-compliance could result in penalties, revocation of operating licences, or reputational damage. To address these challenges, the Group maintains active communication with regulatory authorities, regularly reviews internal standard operating procedures, and conducts periodic compliance audits. Each facility is also subject to systematic updates of clinical protocols to align with the latest regulatory stipulations.

MANAGEMENT DISCUSSION AND ANALYSIS

(Cont'd)

Cyber-security Risks

The increasing digitisation of healthcare records, particularly with the rise of telemedicine and electronic patient databases, introduces the risk of data breaches and cyberattacks. Such incidents can compromise patient confidentiality, violate data protection regulations, and erode public trust. While the Group has adopted firewalls, encryption protocols, and other cybersecurity measures, threats evolve rapidly, requiring continuous risk assessment and system upgrades. Periodic training sessions are conducted to raise employee awareness on secure data handling, password protection, and the proper use of digital platforms. These practices aim to safeguard sensitive information while maintaining smooth operational processes.

Changes in Healthcare Regulations

Beyond day-to-day compliance, Metro also faces the possibility of shifts in healthcare policy or revisions to existing guidelines that may influence the provision of fertility, obstetrics, or paediatric services. Amendments to licensing requirements, fee regulations, or professional guidelines can affect costs and the pace of service delivery. The Group adopts a proactive stance by monitoring policy updates and collaborating with professional bodies to anticipate legislative changes. This advance knowledge helps in making prompt operational adjustments, ensuring uninterrupted service delivery even under new or revised regulatory frameworks.

By actively managing these key risk areas, Metro seeks to reinforce organisational resilience and safeguard its capacity to provide high-quality healthcare services. The Group remains committed to periodically reassessing its risk strategies, strengthening operational protocols, and adapting to the evolving demands of Malaysia's fertility and O&G landscape.

PROSPECTS AND OUTLOOK

The Malaysian fertility and O&G services market continues to demonstrate robust growth prospects, with projections indicating an expansion to approximately RM469.6 million by 2026. Against this favourable backdrop, Metro is positioned to capitalise on rising awareness and demand for reproductive medicine, supported by the Group's established brand presence and broadening network of facilities. Building on the positive momentum achieved in 2024, the Group intends to align its expansion strategies with prevailing industry trends, focusing on several targeted initiatives as outlined in its prospectus.

Network Expansion

The cornerstone of Metro's growth strategy is the expansion of its geographical footprint to reach a broader patient base. Aligned with its mission to enhance accessibility to fertility and women's healthcare services, the Group plans to open its seventh IVF centre in Kota Bharu in the second quarter of 2025. In addition, it will continue identifying strategic locations across Malaysia for future fertility centres. These new facilities will be equipped with advanced laboratory and diagnostic technologies, enabling the Group to accommodate higher patient volumes and better address diverse reproductive health needs. Through this expansion, Metro aims to solidify its position as a leading provider of assisted reproductive technology and obstetrics and gynaecology (O&G) services.

Mergers & Acquisitions

In addition to organic growth via new outlets, Metro is actively exploring mergers and acquisitions of maternity hospitals in the Klang Valley and other regions of Peninsular Malaysia. This approach is intended to accelerate the Group's service integration, expand its patient catchment areas, and bolster its presence in high-demand localities. Acquired facilities would be systematically aligned with Metro's clinical protocols and service standards, ensuring that patients receive the same level of quality care and personalised attention synonymous with the Group's existing operations.

Enhancing Reach

The Group also recognises the importance of sustaining its reputation for patient-centric services through continuous improvements to existing premises. Refurbishment and upgrades of current facilities are planned to enhance patient comfort, streamline operational flow, and optimise the use of medical equipment. Concurrently, Metro intends to strengthen its marketing department and outreach programmes, ensuring that the Group's offerings remain visible in an increasingly competitive healthcare environment. By amplifying its brand presence and creating deeper engagement channels, the Group expects to drive patient referrals and foster long-term loyalty among existing clients.

SUSTAINABILITY STATEMENT

Metro Healthcare Berhad (“Metro” or “Company”) and its subsidiaries (“Group”) remains committed in integrating sustainability into every aspect of its business operations. As a provider of fertility and obstetrics & gynaecology (O&G) healthcare services, the Group understands that sustainability is fundamental to delivering long-term value, not only to shareholders and investors but also to patients, employees, business partners, and the wider community.

The Group’s sustainability approach is built upon four key pillars: responsible healthcare, ethical governance, environmental stewardship, and social well-being. By embedding these principles into its business model, the Group could strengthen its operational resilience, enhance stakeholder trust, and ensure the continued delivery of high-quality, accessible, and patient-centred healthcare services.

Metro recognises that the healthcare sector has an essential role in creating positive environmental and social outcomes. As such, the Group will continue to align its sustainability strategy with global and national sustainability frameworks, including the United Nations Sustainable Development Goals (UNSDG), Bursa Malaysia’s Sustainability Reporting Guide (3rd Edition), and Bursa Malaysia’s Enhanced Sustainability Framework. These frameworks guide the Group’s efforts in identifying and addressing key economic, environmental, and social (EES) factors that impact its operations and stakeholders.

Sustainability is not merely an obligation but a strategic enabler that allows the Group to remain as a responsible, resilient, and forward-thinking healthcare provider. The Group remains steadfast in its commitment in refining its sustainability initiatives, fostering a culture of continuous improvement, and creating long-term value creation for the Group’s stakeholders.

Sustainability Governance

Metro will establish a comprehensive Sustainability Governance Framework within a year from its listing on the ACE Market, i.e., 15/11/2024, to ensure that sustainability will be effectively managed and integrated into its corporate strategy and operational decision-making. The governance framework will provide clear accountability, defined roles and responsibilities of key personnel, reinforcing the commitment of the Group to sustainable business practices.

The Board of Directors holds ultimate responsibility for overseeing the Group’s sustainability initiatives, ensuring that EES risks and opportunities are integrated into strategic decision-making. The Board is dedicated to fostering ethical business practices, effective risk management, and responsible corporate growth, ensuring that sustainability remains a cornerstone of long-term value creation.

At the executive level, the Managing Director (MD) spearheads the implementation of the Group’s sustainability strategy, ensuring that sustainability objectives are aligned with operational priorities and business goals.

By adopting this approach, this will enable Metro to execute sustainability initiatives effectively, thus enhancing resilience, strengthening stakeholder trust, and supporting the Group’s long-term growth.

Reporting Scope and Guidelines

This Sustainability Statement has been prepared with reference to internationally recognised sustainability frameworks and industry best practices, ensuring compliance with regulatory expectations while maintaining transparency and accountability. The Group’s approach aligns with the United Nations Sustainable Development Goals (UNSDG), Bursa Malaysia’s Sustainability Reporting Guide (3rd Edition), and Bursa Malaysia’s Enhanced Sustainability Framework.

This report presents an overview of Metro’s sustainability initiatives during the reporting period, covering its operations across healthcare facilities. It highlights the Group’s approach to material sustainability matters, highlighting efforts to address economic, environmental, and social (EES) factors relevant to its business and stakeholders.

Recognising that Sustainability is an ongoing journey, Metro remains committed to:

- proactively adapting to evolving global and industry trends, emerging risks, and regulatory developments;
- continuous engagement with stakeholders, refining its sustainability strategies and align with their expectations; and
- integrating industry best practices to drive long-term sustainable growth.

SUSTAINABILITY STATEMENT

(Cont'd)

Materiality Matters

A structured materiality assessment will be undertaken to identify, evaluate, and prioritise sustainability issues that are most relevant to Metro and its stakeholders. This assessment will involve reviewing global sustainability trends, regulatory requirements, and direct engagement with key stakeholders, including patients, employees, investors, business partners, and regulatory authorities.

Material sustainability matters will be categorised under the economic, environmental, and social (EES) pillars, forming the foundation of Metro's corporate sustainability strategy. These material topics guide the Group's sustainability initiatives, ensuring meaningful action and measurable impact.

Economic

The economic pillar focuses on Metro's commitment to foster financial resilience, responsible business practices, and contributions to the healthcare sector.

Procurement Practices

As a responsible healthcare provider, Metro prioritises ethical procurement by working with suppliers who adhere to stringent quality, safety, and sustainability standards. The Group emphasises responsible sourcing, particularly for medical equipment, pharmaceuticals, and operational supplies. Wherever possible, the Group supports local procurement to strengthen domestic supply chains and stimulate economic growth within Malaysia.

Indirect Economic Impact

Metro's operations contribute significantly to the broader economy by generating employment, facilitating industry partnerships, and improving access to a specialised medical service. The Group's continued expansion creates job opportunities in medical and administrative roles, while also supporting ancillary industries such as medical research, pharmaceuticals, and technology providers.

Through continuous investment in healthcare infrastructure, Metro enhances the accessibility and quality of reproductive healthcare services, reducing healthcare disparities in Malaysia. By providing specialised medical treatments, the Group contributes to improved national health outcomes, aligning with Malaysia's broader healthcare development goals.

Environmental

Metro recognises its ecological footprint and the environmental impact of healthcare operations and is committed to minimising its impact through sustainable resources management and emissions reduction.

Waste and Effluent Management

Healthcare operations generate a significant volume of medical and hazardous waste, necessitating strict waste management protocols. Metro ensures that medical waste is properly segregated, handled, and disposed of in compliance with national environmental regulations. The Group also implements measures to reduce general waste, including improved recycling practices, sustainable procurement choices, and operational efficiency initiatives.

Greenhouse Gas (GHG) Emissions and Energy Efficiency

Climate change and carbon emissions present significant challenges to the healthcare industry. Metro is actively exploring ways to reduce its greenhouse gas emissions by implementing energy-efficient solutions across its facilities. The Group's initiatives include:

- optimising energy consumption through the adoption of energy-efficient medical equipment (e.g., LED Surgical Lights, Energy-Efficient Refrigerators) and hospital infrastructure (e.g., natural lighting); and
- exploring the use of renewable energy sources, such as LED bulbs, to power healthcare facilities.

Through these efforts, Metro aims to contribute to Malaysia's national goal of achieving carbon neutrality by 2050.

Water Resource Management

Healthcare facilities rely heavily on water for patient care, sanitation, and medical procedures. Metro is committed to responsible water management by:

- implementing water-saving initiatives, such as low-flow fixtures;
- conducting regular monitoring of water usage to improve efficiency; and
- raising awareness among employees and medical staff on water conservation.

By prioritising the above water management, Metro ensures that its operations minimise unnecessary water consumption while maintaining the highest standards of hygiene and patient safety.

SUSTAINABILITY STATEMENT

(Cont'd)

Social

The social pillar focuses on Metro's dedication to patient care, employee well-being, community engagement, and ethical labour practices.

Quality Healthcare Services

The provision of high-quality, patient-centred healthcare services is at the core of Metro's business. The Group continuously invests in medical innovation, training, and technology to ensure patients receive the best possible care. Quality assurance mechanisms include:

- compliance with national and international healthcare accreditation standards;
- regular monitoring feedback from the patients to identify areas for improvement; and
- ongoing medical training programmes to keep healthcare professionals updated on the latest advancements.

Diversity and Inclusion

Metro is committed to foster a diverse and inclusive workforce. The Group promotes gender equality, non-discrimination, and equal opportunities across all levels of employment. Employee engagement initiatives ensure that staff from different backgrounds feel valued and supported in their career progression.

The Group also supports diversity in leadership, ensuring that women and underrepresented groups have equitable opportunities for career advancement within the organisation.

Occupational Health and Safety

Employee and patient safety are fundamental priorities for Metro. The Group adheres to stringent health and safety protocols to protect healthcare workers from occupational hazards. Key initiatives include:

- occupational safety training for employees and medical staff;
- implementation of personal protective equipment (PPE) policies according to guidelines and regulations; and
- continuous monitoring and reporting of workplace incidents to ensure a safe working environment.

Metro's proactive approach to workplace safety ensures that employees and patients are protected from potential risks while maintaining a high standard of care.

Fair Labour Practices

Metro upholds ethical employment policies, ensuring that all employees are treated with dignity and respect. The Group strictly prohibits, among others:

- forced labour and human trafficking;
- discrimination based on gender, race, age, or religion; and
- exploitative employment practices, including excessive working hours and unfair wages.

Employee welfare programmes, professional development opportunities, and competitive remuneration packages further demonstrate Metro's commitment to fair labour practices.

Data Privacy and Security

With the rise of digital healthcare, patient and employee data protection is a top priority. Metro implements robust cybersecurity measures, including:

- encryption of sensitive medical and personal data; and
- compliance with Malaysia's Personal Data Protection Act (PDPA).

By prioritising strict data security measures, Metro ensures that patient confidentiality is maintained and that healthcare records are protected against unauthorised access.

Community Enrichment

We offered IVF Rahmah Rakyat program to support the Government initiative known as Payung Rahmah for Budget 2024. This program was available to qualified couples in the B40 population who suffer infertility issues. Under this program, the cost for IVF services will be partly subsidised by our Group, leading to lower cost for IVF treatment.

CORPORATE GOVERNANCE

OVERVIEW STATEMENT

The Board of Directors (“Board”) of Metro Healthcare Berhad (“Metro” or the “Company”) recognises the importance of maintaining high standards of corporate governance for transparency, accountability, integrity and a well-managed company. As a fundamental part of discharging its duties and responsibilities, the Board is committed towards ensuring good corporate governance practices are implemented and maintained throughout the Company and its subsidiaries (“Group”) to enhance shareholders’ value, and to be consistent with the principles and best practices as set out in the Malaysian Code on Corporate Governance (“MCCG”).

This Corporate Governance Overview Statement is augmented with a Corporate Governance Report 2024 (“CG Report”), which follows the prescribed format outlined in Rule 15.25(2) of the ACE Market Listing Requirements of Bursa Malaysia Securities Berhad (“Bursa Securities”) (“ACE Market LR”) so as to provide a detailed articulation on the application of the Group’s corporate governance practices as set out in the MCCG throughout the financial year ended 31 December 2024 (“FYE 2024”). The CG Report is available on the Company’s website at <https://www.metrohealthcare.my>, as well as via an announcement on the website of Bursa Securities.

This Corporate Governance Overview Statement is based on the following three (3) principles of the MCCG:-

- a. Principle A : Board leadership and effectiveness;
- b. Principle B : Effective audit and risk management; and
- c. Principle C : Integrity in Corporate Reporting and Meaningful Relationship with Stakeholders.

PRINCIPLE A - BOARD LEADERSHIP AND EFFECTIVENESS

PART I – BOARD RESPONSIBILITIES

1. Board’s Leadership on Objective and Goals

- 1.1 The Board oversees the Group’s overall performance and business operations, providing essential leadership while upholding high standards of governance. Its commitment to strong governance practices ensures the Group’s long-term success and the sustainable delivery of value to stakeholders.

In discharging its fiduciary duties and leadership functions, the Board is guided by the Board Charter, which outlines the Board’s duties and responsibilities. The Board also delegates certain responsibilities to the following Board Committees, all of which operate within their respective Terms of Reference which can be accessed via the Company’s website, <https://www.metrohealthcare.my>:-

- a. Audit and Risk Management Committee (“ARMC”);
- b. Nomination Committee (“NC”); and
- c. Remuneration Committee (“RC”).

To effectively fulfil its responsibilities in achieving the Group’s goals and objectives, the Board undertakes, among other duties:-

- to promote good corporate governance culture within the Group which reinforces ethical, prudent and professional conduct;
- to review, challenge and decide on the Management’s proposals for the Group, and monitor its implementation;
- to ensure that the strategic plan of the Group supports long-term value creation and includes strategies on economic, environmental and social considerations underpinning sustainability;
- to assess the performance of the Management;
- to ensure there is a sound framework for internal controls and risk management;
- to recognise the principal risks of the Group’s business and that business decisions involve the taking and managing of appropriate risks;
- to set the risk appetite within which the Board expects the Management to operate and ensured that there is an appropriate risk management framework to identify, analyse, evaluate, manage and monitor significant financial and non-financial risks;

3. Good Business Conduct and Healthy Corporate Culture

3.1 All Directors and employees of the Group are to adhere to the Code of Ethics and Conduct and make a necessary declaration if there is any conflict of interests. The Code of Ethics and Conduct is incorporated in the Board Charter of the Company and published on the Company's website at <https://www.metrohealthcare.my>.

The Code of Ethics and Conduct sets out basic principles to guide all the Directors and/ or employees of the Group and describes the standards of business conduct and ethical behaviour for Directors and/ or employees in the performance and exercise of their duties and responsibilities.

The Board will review the Code of Ethics and Conduct regularly to ensure that it continues to remain relevant and appropriate.

3.2 The Group had adopted a Whistle Blowing Policy to promote the highest standard of corporate governance and business integrity. The Whistle Blowing Policy provides an avenue for Directors, employees and external parties to raise genuine concerns or report any misconduct, alleged breach or suspected breach of any law or regulation, including business principles and the Group's policies and guidelines, safely and confidentially.

The Whistle Blowing Policy was approved for adoption by the Board on 2 May 2024. The Board will review and update the Whistle Blowing Policy at least once every three (3) years to ensure its effectiveness and consistency with the governing legislation and regulatory requirements.

The Whistle Blowing Policy is available on the Company's website at <https://www.metrohealthcare.my>.

3.3 In line with the Malaysian Anti-Corruption Commission (Amendment) Act 2018 ("MACC Act 2018"), the Company has put in place Anti-Bribery and Corruption Policy ("ABC Policy") to encourage a culture of integrity and transparency in all of the Group's activities. This policy which adheres to the ACE Market LR and the Guidelines on Adequate Procedures issued pursuant to Section 17A(5) of the MACC Act 2018, generally set out the responsibilities of the Company, and all individuals who work for the Group, in observing and upholding the Group's position on bribery and corruption and provides key anti-bribery and corruption principles that apply to all interactions with the Group's customers, business partners, and other third parties, as well as guidelines for the prevention, management, and remediation of bribery and corruption related risks.

The ABC Policy will be reviewed at least once in every three (3) years and in accordance with the needs of the Company. The ABC Policy is published on the Company's website, <https://www.metrohealthcare.my>.

3.4 In line with Rule 15.01A of the ACE Market LR, the Board had adopted the Directors' Fit and Proper Policy which serves as a guide to the NC and the Board in their review and assessment of the potential candidates for appointment to the Board of the Group as well as the retiring Directors who are seeking re-election at the annual general meeting.

The Directors' Fit and Proper Policy shall be reviewed periodically by the Board and be revised at any time as it may deem necessary to ensure that they remain consistent with the Board's objectives, current law and practices. The Directors' Fit and Proper Policy is published on the Company's website at <https://www.metrohealthcare.my>.

The Board has also adopted the Nomination and Appointment of New Directors Process and Procedures to formalise the process for the nomination and appointment of a new Director to be undertaken by the NC and the Board in discharging their responsibilities in terms of the nomination and appointment of new Directors of the Group.

| 6. Rose Zilawati binti Mohamed Arifin | Independent Non-Executive Director |
| 7. Chua Leng Leek | Independent Non-Executive Director |

4.2 The Board composition is also in line with Practice 5.2 of the MCGC of having at least half of the Board comprising Independent Non-Executive Directors. This composition ensures independent and objective judgment while providing an effective system of checks and balances to protect the interests of minority shareholders and other stakeholders. It also upholds high standards of conduct and integrity.

4.3 The Board is fully aware that the tenure of an Independent Director shall not exceed a cumulative term of nine (9) years as recommended by the MCGC. However, if the Board intends to retain a Director who has served as an Independent Director of the Company for a cumulative term of more than nine (9) years, the Board must justify its decision and seek the shareholders' approval through a two-tier voting process at a general meeting. During the financial year under review, none of our Directors has served the Board as an Independent Director of the Company for a cumulative term of more than nine (9) years.

Based on the assessment carried out during the financial year under review, the Board is satisfied with the level of independence demonstrated by each Independent Non-Executive Directors and their abilities to act in the best interest of the Company.

4. Board's Objectivity *cont'd*

4.4 The Company has not adopted a policy that limits the tenure of its Independent Directors to nine (9) years. Notwithstanding that, the assessment of the independence of Independent Non-Executive Directors will be conducted annually via the Annual Evaluation of Independence of Directors to ensure that they are independent of management and free from any business or other relationship which could materially interfere with the exercise of their independent judgement or the ability to act in the best interests of the Company.

4.5 The Board appoints its members via a formal and transparent selection process. The NC is responsible to consider and nominate new candidates for appointment and make the necessary recommendations to the Board for approval. In this respect, the role of the NC is detailed in its Terms of Reference, which is accessible on the Company's website, <https://www.metrohealthcare.my>.

The Board, through the NC, reviews the correct mix of skills, business and professional experience that should be added to the Board annually or as and when required.

4.6 The Board has established and adopted a Gender Diversity Policy to provides a framework for the Company to improve its gender diversity at the Board level.

The objectives/principles and measures as set out in the Gender Diversity Policy are summarised below:-

Objectives/Principles

(a) The Company acknowledges the importance to promote gender diversity at the Board level and will actively work towards having more female Directors on the Board. To avoid any mismatch and ineffective appointment of female Directors, the Company does not set any specific target for female Directors in this policy.

(b) In assessing the Board composition and Board effectiveness, the Board shall accord due consideration to gender diversity, the required mix of skills, experience, independence and other qualities, including core competencies, commitment, integrity and/or other commitments to the Board.

Measures

To pursue the objectives of gender diversity, the Board will take into consideration the following measures:

(a) The NC and the Board shall nominate or appoint a gender diverse Board with a broad spectrum of perspectives, including but not limited to the educational background, age, ethnicity, skills, knowledge, expertise, experience, competencies, integrity and/or other commitments that the candidate will bring to complement the Board.

(b) The NC is responsible for ensuring that the gender diversity objective is adopted in the Board recruitment and succession planning processes.

(c) The Company shall adopt a more accommodating boardroom culture and environment that is free from discrimination to attract and retain women's participation at the Board level.

(d) The Company will undertake the following strategies to promote gender diversity at the Board level:

- recruiting from a diverse pool of candidates for female Directors;
- reviewing succession plans to ensure an appropriate focus on gender diversity;
- identifying specific factors to take into account in the recruitment and selection adopting processes to encourage gender diversity; and
- any other strategies the Board may develop from time to time.

4. Board's Objectivity *cont'd*

4.6 *cont'd*

The Board practises non-gender discrimination, endeavours to promote workplace diversity and supports the representation of women in the composition of Board and Senior Management positions of the Company. Currently, there are three (3) female Directors on the Board, namely, Dr. Kong Lan Moon, Pn. Rose Zilawati binti Mohamed Arifin and Ms. Chua Leng Leek.

Where and when appropriate, the Board, through the NC, will prioritise the female representation when suitable candidates are identified. However, the appointment of a new Board member will not be guided solely by gender but will also take into account the skillsets, experience and knowledge of the candidate. The Company's prime responsibility in new appointments is always to select the best candidates available. Hence, the normal selection criteria based on an effective blend of competencies, skills, extensive experience and knowledge to strengthen the Board remains a priority.

- 4.7 The NC leverages on various sources to gain access to a wider pool of potential candidates. Besides the recommendation from the existing Board members, Management and/or major shareholders, the NC also identifies potential candidates from external sources available, such as industry and professional associations, as well as independent search firms.
- 4.8 The NC is chaired by Pn. Rose Zilawati binti Mohamed Arifin, an Independent Non-Executive Director of the Company. The NC Chairperson has led the annual review of Board effectiveness, ensuring that the performance of each individual Director is independently assessed and will lead the succession planning and appointment of future Board members.

The NC comprises the following members, all being Independent and Non-Executive as identified by the Board:-

| Name of Directors | Designations |
|--|------------------------------------|
| Rose Zilawati binti Mohamed Arifin (Chairperson) | Independent Non-Executive Director |
| Seah Cheong Wei (Member) | Independent Non-Executive Director |
| Chua Leng Leek (Member) | Independent Non-Executive Director |

The Company was listed on 15 November 2024 and hence, the activities undertaken by the NC during the FYE 2024 and up to the date of this Statement were as follows:-

- (a) assessed and evaluated the independence of the Independent Directors.
- (b) assessed and evaluated the performance of each Independent Director against the criteria as set out in the evaluation form, amongst others, attendance at Board and/or Board Committee meetings, adequate preparation for Board and/or Board Committee meetings, regular contribution to Board and/or Board Committee meetings, personal input to the role and other contributions to the Board and/or Board Committees.
- (c) assessed and evaluated the performance of the Executive Directors against diverse key performance indicators, amongst others, financial, strategy, sustainability and ESG, conformance and compliance, business acumen, increasing shareholders' wealth, succession planning and personal input to the role.
- (d) reviewed and assessed the performance of the ARMC.
- (e) reviewed and assessed the effectiveness of the Board and Board Committees as a whole.
- (f) reviewed and recommended to the Board the re-election of Dr. Kong Lan Moon and Mr. Seah Cheong Wei who will retire by rotation pursuant to Clause 89 of the Company's Constitution at the upcoming Annual General Meeting ("AGM") to be held on 19 June 2025.

5. Overall Effectiveness of the Board and Individual Directors

5.1 The Board has, through the NC, conducted the following annual evaluation to determine the effectiveness of the Board, its Board Committees and each individual Director in the FYE 2024:-

- (a) Performance of Executive Directors;
- (b) Performance of Non-Executive Directors;
- (c) Independence of the Independent Directors;
- (d) Performance of the ARMC; and
- (e) Effectiveness of the Board and Board Committees as a whole.

Based on the evaluations conducted in the FYE 2024, the NC and the Board were satisfied with the performance of the individual Directors, the Board as a whole, Board Committees as well as the independence and objective judgements that the Independent Directors have brought to the Board.

Attendance of Board and Board Committees' Meetings

The Board schedules at least four (4) meetings per financial year, with additional meetings convened as necessary. In FYE 2024, the Board conducted six (6) Board meetings where they deliberated and approved various reports and matters, including the half-yearly report on unaudited consolidated results of the Group, quarterly financial results of the Group for the announcement to Bursa Securities as well as the Group's strategic, operational and financial performance. As the Company was listed on 15 November 2024, only one (1) ARMC meeting was held in the FYE 2024 while no NC and RC meetings took place.

The number of meetings held and attended by each member of the Board and the Board Committees during the FYE 2024 are as follows:-

| Name of Directors (Designations) | Attendance | Board | ARMC |

Part III – REMUNERATION

6. Level and Composition of Remuneration

6.1 The Board had on 2 May 2024 adopted formal and transparent Remuneration Policy that set out the principles and guidelines for the Board and the RC to determine the remuneration of Directors and Senior Management of the Company, which take into account the demands, complexities and performance of the Company as well as skills and experience required.

The Remuneration Policy is guided by the following key principles in remunerating the Directors of the Company:

- (i) fees payable to Directors who hold non-executive office in the Company shall be paid by a fixed sum and not by a commission on or percentage of profits or turnover;
- (ii) fees and/or benefits (including meeting allowance) payable to Directors are subject to annual shareholders' approval at a general meeting, where notice of the proposed fees and/or benefits has been given in the notice convening the meeting;
- (iii) fees payable to an alternate Director (if any) shall be agreed upon between himself and the Director nominating him and shall be paid out of the remuneration of the latter; and
- (iv) salaries and other emoluments payable to Directors who hold an executive office in the Company pursuant to a contract of service need not be determined by the Company in a general meeting but such salaries and emoluments may not include a commission on or percentage of turnover.

The remuneration is reviewed by the RC on an annual basis prior to making its recommendations to the Board for approval.

The Remuneration Policy of the Company is available on the Company's website at <https://www.metrohealthcare.my>.

6.2 The Board, assisted by the RC, implements the policy and procedures on remuneration, which includes reviewing and recommending the proposed remuneration packages of the Directors of the Company. The RC is responsible to ensure that the remuneration packages are benchmarked with industry standards in light of the Group's performance in the industry as well as commensurate with the expected responsibility and contribution by the Directors and link to the strategic objectives of the Group.

The RC has a detailed Terms of Reference in writing which is accessible on the Company's website at <https://www.metrohealthcare.my>.

7.2 The Board is of the view that the disclosure of the Top Five (5) Key Senior Management's remuneration components on a named basis would not be in the best interests of the Company as it may be detrimental to the Company's human resource management due to the competitive nature of talents within the industry.

The Board also took into consideration the sensitivity and security of the remuneration package of Top Five (5) Key Senior Management, hence, opts not to disclose on a named basis the remuneration or in bands of RM50,000.00 for the Top Five (5) Key Senior Management.

Alternatively, the Board is of the view that the disclosure of Top Five (5) Key Senior Management's aggregated remuneration on an unnamed basis in the bands of RM50,000.00 in this Annual Report is adequate.

The aggregate remuneration and benefits paid to the Top Five (5) Key Senior Management of the Group for the FYE 2024 as follows:-

PRINCIPLE B - EFFECTIVE AUDIT AND RISK MANAGEMENT

PART I – ARMC

8. Effective and Independent ARMC

8.1 The positions of Chairman of the Board and Chairman of the ARMC are held by two different persons. The Chairman of the Board is Dr. Yee Meng Kheong, an Independent Non-Executive Chairman, while the Chairman of the ARMC is Mr. Seah Cheong Wei, an Independent Non-Executive Director. This separation is to ensure that the Board's review of the ARMC's findings and recommendations are not impaired.

The separation had been set out clearly in the Terms of Reference of the ARMC which is accessible on the Company's website at <https://www.metrohealthcare.my>.

8.2 Currently, none of the members of the ARMC were former key audit partners of the present auditors of the Group.

The ARMC has in place a policy that requires a former key partner to observe a cooling-off period of at least three (3) years before being appointed as a member of the ARMC. The policy had been codified in the Terms of Reference of ARMC of the Company.

8. Effective and Independent ARMC *cont'd*

8.3 The Board had established an External Auditors Assessment Policy which set out the guidelines and procedures for the ARMC to review, assess and monitor the performance, suitability and independence of the External Auditors.

The ARMC obtained assurance from the External Auditors confirming that they are, and have been, independent throughout the conduct of the audit engagement in accordance with the terms of all relevant professional and regulatory requirements.

The ARMC carried out an annual performance assessment of the External Auditors and requested the Executive Directors and Financial Controller to join the assessment.

The ARMC is satisfied with the performance, suitability and independence of the External Auditors of the Company. Having assessed their performance, the ARMC is satisfied with the competence and independence of the External Auditors and has recommended to the Board, the re-appointment of the External Auditors upon which the shareholders' approval will be sought at the forthcoming AGM of the Company.

8.4 The ARMC comprises solely of the following Independent Non-Executive Directors:-

- (a) Seah Cheong Wei (Chairman);
- (b) Rose Zilawati binti Mohamed Arifin (Member); and
- (c) Chua Leng Leek (Member).

8.5 The Chairman and members of the ARMC are financially literate and able to understand the Group's business and matters under the purview of the ARMC.

The NC would also review the terms of office and performance of the ARMC members to determine whether they have carried out their duties in accordance with their Terms of Reference.

The ARMC members will continuously keep abreast of relevant industry developments including accounting and auditing standards, business practices and rules, to address any skills or knowledge gaps according to their needs.

PART II - RISK MANAGEMENT AND INTERNAL CONTROL

9. Risk Management and Internal Control Framework

9.1 The Board acknowledges its overall responsibility for ensuring that a sound system of risk management and internal control is maintained throughout the Group, as well as the need to review its effectiveness regularly. Risk management and internal control are embedded in various work processes and procedures of the respective operational functions.

The Board has delegated the responsibility of reviewing the adequacy and effectiveness of the risk management and internal control systems to the ARMC.

PART II - RISK MANAGEMENT AND INTERNAL CONTROL *cont'd*

9. Risk Management and Internal Control Framework *cont'd*

9.2 The ARMC is assisted by the Management as well as the outsourced internal auditors to identify and assess the relevant risks faced by the Group and to ensure that appropriate risk treatments were in place to mitigate the risks that could be affecting the achievement of the Group's business objectives. The internal auditors report directly to the ARMC and the internal audit plans are tabled to the ARMC half yearly for review to ensure adequate coverage.

Further details on the features of the risk management and internal control framework, and the adequacy and effectiveness of this framework, are disclosed in the Statement on Risk Management and Internal Control of this Annual Report.

The scope and function of the ARMC are set out in the Terms of Reference which is available on the Company's website at <https://www.metrohealthcare.my>.

10. Effective Governance, Risk Management and Internal Control Framework

10.1 The internal audit function is outsourced to an independent professional service firm, i.e., Vearsa Advisory Sdn. Bhd. ("Vearsa"). Vearsa assists the Board and the ARMC in managing the risks and establishing the internal control system and processes of the Group. This is done by providing an independent assessment of the adequacy, efficiency and effectiveness of the Group's risk management and internal control system and processes.

The internal audit function is independent of the operations of the Group and provides reasonable assurance that the Group's system of internal control is satisfactory and operating effectively. The engagement team from Vearsa is free from any relationship or conflict of interest, which could impair their objectivity and independence.

The internal audit functions and activities carried out during the FYE 2024 are as disclosed in the ARMC Report and Statement on Risk Management and Internal Control of this Annual Report.

PRINCIPLE C – INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS

PART I – COMMUNICATION WITH STAKEHOLDERS

11. Continuous Communication between Company and Stakeholders

11.1 The Board recognises the importance of maintaining effective communication channels with its stakeholders, including shareholders, potential investors, and the general public. This is achieved through the timely dissemination of information on key developments within the Group, in accordance with our Corporate Disclosure Policy.

The Corporate Disclosure Policy of the Company is published on the Company's website at <https://www.metrohealthcare.my>.

The quarterly results, announcements and annual reports serve as primary means of disseminating information, ensuring that shareholders are constantly kept abreast of the Group's progress and developments. The Company's corporate website, <https://www.metrohealthcare.my>, provides a convenient platform for shareholders and the public to access corporate information, the Board Charter and policies, announcements, news and events relating to the Group.

11.2 The Company is not categorised as a "Large Company" under the MCGC and hence, has not adopted integrated reporting based on a globally recognised framework.

PART II – CONDUCT OF GENERAL MEETINGS

12. Shareholders' Participation at General Meetings

12.1 Conduct of General Meetings

The notice of the Fifteenth AGM ("15th AGM") of the Company which is scheduled to be held on 19 June 2025 was sent to the shareholders at least twenty-eight (28) days before the date of 15th AGM this year.

The notice of general meeting provides detailed explanation for the resolutions proposed along with any background information and reports or recommendation that are relevant, where required and necessary, to enable shareholders to have sufficient time to consider the resolutions that will be discussed and to make informed decisions in exercising their voting rights.

All resolutions set out in the Notice of 15th AGM will be put to vote by poll and the votes cast will be validated by an independent scrutineer appointed by the Company. The outcome of all resolutions proposed at the general meetings will be announced to Bursa Securities at the end of the AGM day.

METRO was listed on 15 November 2024 and its first AGM after its listing will be held on 19 June 2025. The Board believes that participation of shareholders in the Company's general meeting is the more appropriate platform where shareholders' queries and concerns may be conveyed to the Board for clarification. All the Directors of the Company will always endeavour to attend all general meetings and the Chairman of the Board committees will provide meaningful response to questions addressed to them.

12.2 Effective Communication and Proactive Engagement

The AGM of the Company will always be held at a venue which is easily accessible to facilitate the participation of shareholders. Hence, voting in absentia and remote shareholders' participation are not facilitated.

Shareholders are encouraged to attend general meetings and are allowed to appoint proxy(ies) to attend, participate, speak and vote at the general meetings on their behalf and represent them.

STATEMENT BY THE BOARD ON THE CORPORATE GOVERNANCE OVERVIEW STATEMENT

The Board has deliberated, reviewed and approved this Statement. The Board considers and is satisfied that to the best of its knowledge, the Company has fulfilled its obligations under the MCCG, the relevant chapters of the ACE Market LR of Bursa Securities on corporate governance and all applicable laws and regulations throughout the FYE 2024. The Board remains steadfast in upholding the highest standards of corporate governance practices to safeguard the interests of all its stakeholders.

AUDIT AND RISK MANAGEMENT COMMITTEE REPORT

A. OBJECTIVES

The primary objective of the Audit and Risk Management Committee (“ARMC”) is to assist the Board of Directors (“the Board”) in fulfilling its fiduciary duties and responsibilities in accordance with its Terms of Reference, providing additional assurance to the Board by giving an objective and independent review of financial, operational and administrative controls and procedures, as well as establishing and maintaining internal controls.

Additionally, the ARMC is responsible for reviewing any conflict of interest or potential conflict of interest situations, as required under Rule 15.12(1)(h) of the ACE Market Listing Requirements of Bursa Malaysia Securities Berhad (“Bursa Securities”) (“ACE Market LR”) (excluding related party transactions). The ARMC ensures that appropriate measures are taken to resolve, eliminate, or mitigate such conflicts in accordance with Rule 15.15(3)(f) of the ACE Market LR of Bursa Securities.

B. COMPOSITION OF THE ARMC

The ARMC comprises the following members, all being Independent Non-Executive Directors:

| ARMC MEMBERS | DESIGNATION |
|------------------------------------|-------------|
| Seah Cheong Wei | Chairman |
| Rose Zilawati binti Mohamed Arifin | Member |
| Chua Leng Leek | Member |

The Company has complied with Rules 15.09(1)(a) and (b) of the ACE Market Listing Requirements of Bursa Securities as well as Practice 9.1 and Practice 9.4 under the Principle B of the Malaysia Code of Corporate Governance 2021 as the ARMC members fulfil the requirements as prescribed.

The ARMC Chairman, Mr. Seah Cheong Wei is a member of the Malaysian Institute of Accountants. Accordingly, the composition of ARMC complies with Rule 15.09(1)(c)(i) of the ACE Market LR of Bursa Securities.

The authorities and duties of the ARMC are clearly governed by the Terms of Reference of the ARMC. The Terms of Reference of the ARMC can be accessed from the Company’s website at <https://www.metrohealthcare.my>.

C. ATTENDANCE AT MEETINGS

In view that the Company was listed on ACE Market of Bursa Securities on 15 November 2024, there was only one (1) ARMC meeting convened during the financial year under review. Details of attendance of each of the ARMC members to the meeting are as follows:-

| ARMC Members | Attendance |
|--|------------|
| Seah Cheong Wei, Chairman | 1/1 |
| Rose Zilawati binti Mohamed Arifin, Member | 1/1 |
| Chua Leng Leek, Member | 1/1 |

The Committee may request the presence of External Auditors and/or Internal Auditors at its meetings if deemed necessary. Additionally, other members of the Board and officers of the Company and its subsidiaries (“the Group”) may attend specific meetings upon invitation from the Committee, based on the relevance of the matters being discussed.

The summary of the activities undertaken by the ARMC during FYE 2024, amongst others, included the following:-

- i. Reviewed the unaudited consolidated quarterly financial results and annual audited financial statements of the Group including the announcements pertaining thereto. Discussion focused particularly on any changes in accounting policy and practices, significant adjustments and unusual events arising from the audit and compliance with accounting standards and other legal requirements before recommending to the Board for approval and release of the announcement to Bursa Securities;
- ii. Reviewed with the External Auditors, the Audit Planning Memorandum in respect of the audit of the Group's financial statements for FYE 2024 to ensure that the scope of the external audit is comprehensive;
- iii. Reviewed and approved the Internal Auditors' internal audit plan to ensure the adequacy of the scope, functions and resources;
- iv. Reviewed and recommended to the Board the adoption of the revised Related Party Transactions Policy and Procedures; and
- v. Reviewed the related party transactions and/or recurrent related party transactions that transpired within the Group to ensure that the transactions entered into were fair and reasonable, not detrimental to the minority shareholders and were in the best interests of the Company.

E. INTERNAL AUDIT FUNCTION

i. Appointment

The Group's internal audit function is outsourced to an independent professional consulting company, namely Vaersa Advisory Sdn. Bhd. ("Vaersa"), which is independent of the activities and operations of the Group. The outsourced Internal Auditors report directly to the ARMC, providing the Board with a reasonable assurance of adequacy of the scope, functions and resources of the internal audit function. The purpose of the internal audit function is to review the adequacy and effectiveness of systems, procedures and controls of the Group.

ii. Internal audit activities

The internal audit reporting can broadly be segregated into three (3) main areas as follows:-

a. Internal Audit Plan for the Group

The internal audit plan for the Group was presented to the ARMC by Vaersa for discussion and approval. The ARMC would then recommend the same or any adjustments needed to the Board for adoption.

b. Regular Internal Audit Reports

Internal audit reports will be reviewed and adopted by the ARMC on a half yearly basis.

c. Follow-up Reports

In addition, the Internal Auditors will follow-up on the implementation of recommendations from prior internal audit visits and update the ARMC on the status of Management-agreed action plans.

iii. Total costs incurred for the financial year

The total costs incurred for the internal audit function of the Group for FYE 2024 was RM13,800.

iv. Review of internal audit function

For FYE 2024, the ARMC is satisfied that the independence of the internal audit function has been maintained as adequate safeguards are in place. Vaersa has performed their audit assignments with impartiality, proficiency and due professional care.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

INTRODUCTION

The Board of Directors (“the Board”) acknowledges that effective governance, risk management, and internal control processes are indispensable for Metro Healthcare Berhad (“the Company”) and its subsidiaries (“the Group”) to attain their objectives and uphold their success. Effective governance, risk management and internal control processes will guide the Group to achieve a proper balance between the risks incurred and potential returns to shareholders, in accordance with the Group’s acceptable risk appetite.

The Board is pleased to provide the following Statement on Risk Management and Internal Control (“Statement”) of the Group for the financial year ended 31 December 2024. This has been prepared in accordance with Rule 15.26(b) of the ACE Market Listing Requirements of Bursa Malaysia Securities Berhad (“Bursa Securities”), Malaysian Code on Corporate Governance (“MCCG”) and “Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers”.

BOARD’S RESPONSIBILITY

The Board acknowledges its overall responsibility for maintaining a sound system of risk management and internal control, and for reviewing its adequacy and effectiveness to ensure shareholders’ interest and the Group’s assets are safeguarded.

The system of risk management and internal controls not only covers the financial aspect of the Group but also encompasses operational and compliance aspect. Given the inherent limitations in the risk management and internal control system, such a system, implemented by the Board, is designed to manage rather than eliminate risks that may impede the achievement of the Group’s corporate objectives. Therefore, such a system can only provide reasonable and not absolute assurance against any material misstatement or loss, contingencies, fraud or irregularities.

RISK MANAGEMENT

In line with the Malaysian Code on Corporate Governance, the Company has established a risk management system. The Board entrusts the ARMC with the overall responsibility to regularly review and monitor the risk management activities of the Group, and to approve appropriate risk management procedures and measurement methodologies.

In particular, the roles and responsibilities of the ARMC in relation to risk management are as follows:

- i. to recommend the Group’s risk appetite and its policy for risk management to the Board;
- ii. to recommend and review the implementation of the Group’s internal controls and risk management framework;
- iii. to review the processes and procedures for ensuring that all material business risks are properly identified and those appropriate systems of monitoring and control are in place;
- iv. to receive and review risk management reports and make recommendations for changes in policies and procedures as and when required;
- v. to consider material risk factors, risk tolerance levels, review the actions taken in response, mitigation and prevention actions;
- vi. to consider the effect of any material findings on business risks, financial risks, compliance risks and operational risks that may impact the Group’s performance; and
- vii. to consider the effect of the risks of any findings highlighted by the internal auditor (if any) or any independent reviews carried out for the Group.

The Board recognises that risk management should be an integral part of the business operation. On a day-to-day basis, the respective Key Senior Management team is responsible for managing risks related to their functions or departments. The ARMC relies on the Key Senior Management team to support in terms of:

- i. managing the risks of business processes under his/her control;
- ii. identifying risks and evaluating existing risk controls;
- iii. reporting significant risks to the ARMC and the Board at scheduled meetings in a proactive, responsible and accountable manner; and
- iv. providing oversight on the establishment, implementation and review of the effectiveness of the risk management framework and internal control systems to the ARMC and the Board.

Management meetings are held to ensure that the risks faced by the Group are monitored and properly addressed. It is at these meetings that key risks and corresponding controls implemented are deliberated, reviewed, communicated and agreed.

INTERNAL AUDIT FUNCTION

The Company was listed on the ACE Market of Bursa Securities on 15 November 2024. The Group has outsourced the internal audit function to an external independent professional consulting firm, i.e. Vaersa Advisory Sdn. Bhd. ("VA") prior to the Company's listing. Subsequent to the listing of the Company, the Board has agreed to continue to engage VA as part of its effort to ascertain adequacy and effectiveness of the internal control system for the financial year ending 31 December 2025.

VA acts as Internal Auditors and reports directly to the ARMC during the ARMC meetings. The representatives of VA is free from any relationships or conflict of interest, which could impair its objectivity and independence of the internal audit function. The firm does not have any direct operational responsibility or authority over any of the activities audited. The ARMC is of the opinion that the internal audit function is effective and able to function independently.

The internal control review is led by Ms. Tiffany Lim, the Head of Advisory of VA. Ms. Tiffany Lim is a member of MIA and Institute of Internal Auditors ("IIA"). She is supported by a team of 10 personnel to conduct the internal control review in accordance with the International Professional Practices Framework ("IPPF") as a basis for evaluating the effectiveness of the internal control systems. The internal audit reviews are conducted according to the approved internal audit plan which addresses the critical business processes, internal control gaps, effectiveness and adequacy of the existing state of internal control and recommend possible improvements to the internal control process. The internal audit plan is reviewed and approved by the ARMC, to provide reasonable assurance that such system continues to operate satisfactorily and effectively within the Group.

The internal audit function assists the Board and Senior Management team in providing independent assessment of the effectiveness and adequacy of the Group's system of internal controls. The assessment of the adequacy and effectiveness of the internal controls established in mitigating risks is carried out through interviews and discussions with the Senior Management team, review of the relevant established policies and procedures and authority limits, and observing and testing of the internal controls on a sample basis. The internal audit reviews have resulted in action plans to be taken by the Group to address the weaknesses noted. Identified enhancement opportunities are then reported to the ARMC, who in turn reports these matters to the Board. Any highlighted issues will be followed up closely to determine the extent of the recommendation that has been implemented by the management.

During the FYE 2024, the Internal Auditors has presented the Internal Audit Plan to the ARMC:

INTERNAL CONTROL

The Board acknowledges that a sound system of internal control reduces, but cannot eliminate, the possibility of poor judgment in decision-making, human error, control processes being deliberately circumvented by employees, management overriding controls, and the occurrence of unforeseeable circumstances.

The Group's Key Senior Management team receives and reviews regular reports on key financial data, performance indicators and regulatory matters. This is to ensure that matters requiring the Board's attention are highlighted for review, deliberation and decision making on a timely basis. The Board will approve the appropriate responses or amendments to the Group's policies.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

(Cont'd)

INTERNAL CONTROL *cont'd*

The internal control matters are reviewed and the Board is updated on the significant control gaps, if any, for the Board's attention and action. Issues relating to the business operations are also highlighted to the Board's attention during the Board meetings and any significant fluctuation or exception noted will be analysed and acted in a timely manner.

The key elements of the Group's internal control systems are as follows:

- Organisational and Reporting Structure

A formal organisational structure has also been put in place with well-defined scope of responsibilities, clear lines of accountability and appropriate level of delegated authority. The Group has also put in place consistent human resource practices throughout the Group to ensure the Group's ability to operate in an effective and efficient manner by employing and retaining adequate competent employees possessing the necessary knowledge, skills and experiences in order to carry out their duties and responsibilities effectively and efficiently.

- Policies and Procedures

The Group has established internal policies and procedures covering key business units and operations. These policies and procedures are regularly reviewed and updated to ensure it is relevant in addressing the changing environment, operational requirements and changes of risk.

Information pertaining to internal control policies, procedures and processes which are critical to the achievement of the Group's corporate objectives are communicated through established reporting lines across the Group via electronic mail system, internal meetings and briefings. Further, the Group also maintains documented policies, procedures and process flows for its key business operations with the appropriate level of delegated authority. The documented internal policies, procedures and processes are in place to ensure compliance with the internal control and relevant laws and regulations.

- Internal Audit Function

Periodic management meetings are held to discuss and review the Group's financial data, and operational performance of various operating units according to the internal audit plan approved by the ARMC. Issues and/or matters that require the Board and Key Senior Management team's attention will be highlighted, deliberated and decided upon on a timely manner. Periodic reviews of adequacy and integrity of selected areas of internal control systems are carried out and reported to the Board for deliberation, decision making and further action. Follow-ups on status of implementation of agreed action plans are also conducted to ensure corrective actions are implemented accordingly. Audit reviews were carried out quarterly.

ANTI-BRIBERY AND ANTI-CORRUPTION POLICY

The Group adopts a zero-tolerance approach to all forms of bribery and corruption. The Group is committed in conducting its business free from any acts of bribery and corruption by upholding high standards of ethics and integrity. The Group has established an anti-bribery and anti-corruption policy which prohibits all forms of bribery and corruption practices. The said policy is also made available at the Company's website.

The Anti Bribery and Corruption Policy is made available on the Company's website at <https://www.metrohealthcare.my>.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

(Cont'd)

WHISTLE BLOWING POLICY

The Group has put in place a whistle blowing policy which allows, supports and encourages its employees to report and disclose any improper, alleged or illegal activities within the Group.

The Whistle Blowing Policy was approved for adoption by the Board on 2 May 2024. The Board will review and update the Whistle Blowing Policy at least once every three (3) years to ensure its effectiveness and consistency with the governing legislation and regulatory requirements.

The Whistle Blowing Policy is made available on the Company's website at <https://www.metrohealthcare.my>.

ASSURANCE

The top management, including the Executive Vice Chairman, Managing Director and Financial Controller of the Company has provided assurance to the Board that the Group's system of risk management and internal control is operating adequately and effectively for the financial year under review and up to date as of this Statement.

REVIEW OF THIS STATEMENT BY EXTERNAL AUDITORS

As required under Rule 15.23 of the ACE Market Listing Requirements of Bursa Securities, the External Auditors have reviewed this Statement on Risk Management and Internal Control to the scope set out in the Audit and Assurance Practice Guide 3 (AAPG 3): Guidance for Auditors on Engagements to Report on Risk Management and Internal Control included in the Annual Report, issued by Malaysian Institute of Accountants (MIA).

Based on their review, the External Auditors have reported to the Board that nothing has come to their attention that caused them to believe that the Statement is not prepared, in all material aspects, in accordance with the disclosures required by paragraphs 41 and 42 of the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers to be set out, nor is it factually inaccurate.

CONCLUSION

The Board is of the view that the Group's system of risk management and internal control is adequate to safeguard shareholders' investments and the Group's assets. However, the Board is also cognisant of the fact that the Group's system of internal controls and risk management practices must continuously evolve to meet the changing and challenging business environment. Therefore, the Board will, when necessary, put in place appropriate action plans to further enhance the Group's system of risk management and internal controls.

STATEMENT OF DIRECTORS' RESPONSIBILITIES

IN THE PREPARATION OF FINANCIAL STATEMENTS

The Board of Directors of Metro Healthcare Berhad ("the Company") is required by the Companies Act 2016 ("CA 2016") to prepare financial statements which give a true and fair view of the state of affairs of the Company and its subsidiaries ("Group") at the end of the financial year and of the financial performance of the Group for the financial year then ended.

OTHER STATUTORY INFORMATION

Before the financial statements of the Group and of the Company were prepared, the Directors took reasonable steps:

- (i) to ascertain that action had been taken in relation to the writing off of bad debts and the making of provision for doubtful debts and satisfied themselves that all known bad debts had been written off and that no provision had been made for doubtful debts; and
- (ii) to ensure that any current assets which were unlikely to be realised in the ordinary course of business including the value of current assets as shown in the accounting records of the Group and of the Company have been written down to an amount which the current assets might be expected so to realise.

At the date of this report, the Directors are not aware of any circumstances which would render:

- (i) the amount written off for bad debts or the amount of the provision for doubtful debts in the financial statements of the Group and of the Company inadequate to any substantial extent; or
- (ii) the values attributed to the current assets in the financial statements of the Group and of the Company misleading; or
- (iii) adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate; or
- (iv) any amount stated in the financial statements of the Group and of the Company misleading.

No contingent or other liability of any company in the Group has become enforceable, or is likely to become enforceable, within the period of twelve months after the end of the financial year which, in the opinion of the Directors, will or may affect the ability of the Group and of the Company to meet their obligations when they fall due.

At the date of this report, there does not exist:

- (i) any charge on the assets of the Group or of the Company which has arisen since the end of the financial year which secures the liabilities of any other person; or
- (ii) any contingent liability of the Group or of the Company which has arisen since the end of the financial year.

In the opinion of the Directors:

- (i) the results of the operations of the Group and of the Company for the financial year were not substantially affected by any item, transaction or event of a material and unusual nature; and
- (ii) there has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely to affect substantially the results of the operations of the Group and of the Company for the financial year in which this report is made.

INDEPENDENT AUDITORS' REPORT

To the members of Metro Healthcare Berhad

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the financial statements of Metro Healthcare Berhad, which comprise the statements of financial position as at 31 December 2024 of the Group and of the Company, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the year then ended, and notes to the financial statements, including material accounting policy information, as set out on pages 58 to 92.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 December 2024, and of their financial performance and their cash flows for the year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Group and of the Company in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current year. These matters were addressed in the context of our audit of the financial statements of the Group as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

1. Existence of plant and machinery
(Refer to Note 3 to the financial statements)

The risk

As at 31 December 2024, included in the Group's property, plant and equipment is an amount of RM7,755,413 in relation to plant and machinery pertaining to hospitals and clinics in multiple locations.

We focused on this area due to the material account balance and inherent risk associated with the existence of plant and machinery due to the multiple locations.

How our audit addressed the key audit matter

Our audit procedures focused on the following:

- discussed with management to obtain an understanding on controls and monitoring over the plant and machinery at the Group's medical facilities;
- obtained the property, plant and equipment listing to identify the locations of the assets and conducted site visits to selected medical facilities;
- inspected the existence and functionality of plant and machinery at hospitals and clinics; and
- sighted to progress billings and/or suppliers' invoices and delivery order for selected samples of additions and assessed the appropriateness of capitalisation date in the fixed asset register.

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS *cont'd*

Information Other than the Financial Statements and Auditors' Report Thereon

The Directors of the Company are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Statements

The Directors of the Company are responsible for the preparation of financial statements of the Group and of the Company that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the Directors are responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.

Auditors' Responsibilities for the Audit of the Financial Statements *cont'd*

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also: *cont'd*

- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's or the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the group as a basis for forming an opinion on the group financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current year and are therefore the key audit matters. We describe these matters in our auditors' report unless law and regulations preclude public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

NOTES TO THE FINANCIAL STATEMENTS

1. GENERAL INFORMATION

The principal activity of the Company is investment holding. The principal activities of the subsidiary companies are disclosed in Note 5 to the financial statements. There have been no significant changes in the nature of these activities during the financial year.

The Company is a public limited company, incorporated under Companies Act 1965 and deemed registered under Companies Act 2016 and is listed on the ACE Market of Bursa Malaysia Securities Berhad.

The registered office of the Company is located at Third Floor, No.77, 79 & 81, Jalan SS21/60, Damansara Utama, 47400 Petaling Jaya, Selangor.

The principal place of business of the Company is located at No. 32, Jalan Pasar, 41400 Klang, Selangor Darul Ehsan.

These financial statements were authorised for issue by the Board of Directors in accordance with their resolution on 22 April 2025.

2. BASIS OF PREPARATION AND MATERIAL ACCOUNTING POLICY INFORMATION

(a) Basis of preparation

The financial statements of the Group and of the Company have been prepared in accordance with Malaysian Financial Reporting Standards ("MFRS"), International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

The financial statements have been prepared under the historical cost convention unless otherwise disclosed.

The preparation of financial statements in conformity with MFRS requires the use of certain critical accounting estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amount of revenues and expenses during the reported period. It also requires Directors to exercise their judgement in the process of applying the Group's and the Company's accounting policies. Although these estimates and judgement are based on the Directors' best knowledge of current events and actions, actual results may differ. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 2(c).

Amendments to accounting standards that are effective for the Group's and the Company's financial year beginning on or after 1 January 2024 are as follows:

- Amendments to MFRS 16, "Leases" (Lease Liability in a Sale and Leaseback)
- Amendments to MFRS 101, "Presentation of Financial Statements" (Non-current Liabilities with Covenants)
- Amendments to MFRS 107, "Statement of Cash Flows" and MFRS 7, "Financial Instruments: Disclosures" (Supplier Finance Arrangements)

The above amendments to accounting standards effective during the financial year do not have any significant impact to the financial results and position of the Group and of the Company.

 - * Amendments to MFRS 1, “First-time Adoption of Malaysian Financial Reporting Standards”
 - * Amendments to MFRS 7, “Financial Instruments: Disclosures”
 - * Amendments to MFRS 9, “Financial Instruments”
 - * Amendments to MFRS 10, “Consolidated Financial Statements”
 - * Amendments to MFRS 107, “Statement of Cash Flows”
- Amendments to MFRS 9, “Financial Instruments” and MFRS 7, “Financial Instruments: Disclosures” (Classification and Measurement of Financial Instruments)

Annual periods beginning on/after 1 January 2027

- MFRS 18, “Presentation and Disclosure in Financial Statements”
- MFRS 19, “Subsidiaries without Public Accountability: Disclosures”

Effective date yet to be determined by the Malaysian Accounting Standards Board

- Amendments to MFRS 10, “Consolidated Financial Statements” and MFRS 128, “Investments in Associates and Joint Ventures” (Sale or Contribution of Assets between an Investor and its Associate or Joint Venture)

The adoption of the accounting standards and amendments to accounting standards are not expected to have any significant impact to the financial statements of the Group and of the Company.

(b) Functional and presentation currency

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the “functional currency”). The financial statements are presented in Ringgit Malaysia (“RM”), which is the Company's functional and presentation currency.

(c) Significant accounting estimates and judgements

Estimates, assumptions concerning the future and judgements are made in the preparation of the financial statements. They affect the application of the Group's and the Company's accounting policies, reported amounts of assets, liabilities, income and expenses, and disclosures made. They are assessed on an on-going basis and are based on experience and relevant factors, including expectations of future events that are believed to be reasonable under the circumstances.

(c) Significant accounting estimates and judgements *cont'd*

The key assumptions concerning the future and other key sources of estimation or uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

(i) *Extension and termination options*

In determining the lease term, management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not to exercise a termination option. Such extension or termination options are taken into consideration in determining the lease term if it is reasonably certain that it will be exercised. The assessment is reviewed if a significant event or a significant change in circumstances occurs which affects this assessment. Significant judgements are used in determining the lease term over the extension or termination option.

(ii) *Depreciation of property, plant and equipment*

The costs of property, plant and equipment are depreciated on a straight-line basis over the useful lives of the property, plant and equipment. Management estimates the useful lives of the property, plant and equipment as stated in Note 2(g)(ii). These are common life expectancies applied in the industries. Changes in the expected level of usage and technological developments could impact the economic useful lives and the residual values of these assets, therefore future depreciation charges could be revised.

(d) Basis of consolidation

Subsidiary companies

Subsidiaries are entities, including structured entities, controlled by the Group. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity.

The Group considers it has de-facto power over an investee when, despite not having the majority of voting rights, it has the current ability in circumstances where the size of the Group's voting rights relative to the size and dispersion of holdings of other shareholders to direct the activities of the investee that significantly affect the investee's return.

Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

Business combinations are accounted for using the acquisition method on the acquisition date. The consideration transferred includes the fair value of assets transferred, equity interest issued by the Group and liabilities assumed. Identifiable assets acquired, liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date.

The Group recognises any non-controlling interest in the acquiree on an acquisition-by-acquisition basis, either at fair value or at the non-controlling interest's proportionate share of the recognised amounts of the acquiree's identifiable net assets.

Acquisition-related costs are recognised in the profit or loss as incurred.

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the identifiable net assets acquired is recognised as goodwill. If the total of consideration transferred, non-controlling interest recognised and previously held interest measured is less than the fair value of the net assets of the subsidiary acquired in the case of a bargain purchase, the difference is recognised directly in the profit or loss.

(d) Basis of consolidation *cont'd*

Subsidiary companies *cont'd*

Inter-company transactions, balances and unrealised gains and losses on transactions between group companies are eliminated. Accounting policies of subsidiaries have been adjusted where necessary to ensure consistency with the policies adopted by the Group.

Transactions with non-controlling interests that do not result in loss of control are accounted for as equity transactions. Any difference between fair value of any consideration paid and the relevant share acquired of the carrying value of net assets of the subsidiary is recorded in equity. Gains or losses on disposals to non-controlling interests are also recorded in equity.

Upon the loss of control of a subsidiary, the Group derecognises the assets and liabilities, any non-controlling interests and other components of equity related to the disposed subsidiary. Any retained interest in the entity is re-measured to its fair value at the date when control is lost, with the change in carrying amount recognised in profit or loss. The fair value is the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset depending on the level of influence retained.

(e) Investment in subsidiaries

In the Company's separate financial statements, investment in subsidiaries is carried at cost less accumulated impairment losses. On disposal of investment in subsidiaries, the difference between disposal proceeds and the carrying amounts of the investment is recognised in profit or loss.

(f) Operating segments

For management purpose, the Group is organised into operating segment based on their business activities. An operating segment's operating results are reviewed regularly by the chief operating decision maker, which in this case is the Managing Director of the Group, to make decisions about resources to be allocated to the segments and assess the segment performance.

(g) Property, plant and equipment

(i) Recognition and measurement

Property, plant and equipment are stated at cost less accumulated depreciation and impairment losses. The cost of an item of property, plant and equipment initially recognised includes its purchase price and any cost that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Cost also includes borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are recognised as expenses in profit or loss during the financial period in which they are incurred.

When significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Gains and losses on disposals are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment and are recognised in net in the profit or loss.

(g) Property, plant and equipment *cont'd*

(ii) Depreciation and impairment

Freehold land is not depreciated. Property, plant and equipment under construction are not depreciated until the assets are ready for their intended use. Other property, plant and equipment are depreciated on the straight-line method to allocate the cost to their residual values over their estimated useful lives as follows:

| | |
|--|---------------|
| Building | 50 years |
| Plant and machinery | 3 to 10 years |
| Motor vehicles | 5 to 6 years |
| Office equipment, furniture and fittings | 2 to 10 years |
| Renovation | 10 years |

Depreciation methods, useful lives and residual values are reviewed at end of each reporting period, and adjusted as appropriate.

At the end of the reporting period, the Group assesses whether there is any indication of impairment. If such indications exist, an analysis is performed to assess whether the carrying amount of the asset is fully recoverable. A write down is made if the carrying amount exceeds the recoverable amount.

(h) Financial assets

(i) Classification

The Group classifies its financial assets in the following measurement categories:

- Amortised cost; and
- Fair value through profit or loss ("FVTPL")

The classification depends on the Group's business model for managing the financial assets as well as the contractual terms of the cash flows of the financial asset.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

The Group reclassifies debt instruments when and only when its business model for managing those assets changes.

(ii) Recognition and initial measurement

Regular purchases and sales of financial assets are recognised on the trade-date, the date on which the Group commits to purchase or sell the asset.

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

(iii) Subsequent measurement

Debt instruments

Debt instruments mainly comprise of cash and cash equivalents and trade and other receivables.

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset.

Debt instruments that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt instrument that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in interest income using the effective interest rate method.

Equity instruments

The Group subsequently measures all its equity investments at fair value. Equity investments are classified as FVTPL with movements in their fair values recognised in profit or loss in the period in which the changes arise. Dividends from equity investments are recognised in profit or loss when the Group's and the Company's right to receive payments is established.

(iv) Impairment

The Group and the Company assess expected credit losses associated with its debt instruments carried at amortised cost and at FVOCI on a forward-looking basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Expected credit losses represent a probability-weighted estimate of the difference between present value of cash flows according to contract and present value of cash flows the Group and the Company expect to receive, over the remaining life of the financial instrument.

For trade receivables, the Group applies the simplified approach, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

While cash and cash equivalents are also subject to the impairment requirements of MFRS 9, the identified impairment loss was immaterial.

In measuring expected credit losses, trade receivables are grouped based on shared credit risk characteristics and days past due.

In calculating the expected credit loss rates, the Group considers historical loss rates for each category of customers and adjusts to reflect current and forward-looking factors affecting the ability of the customers to settle the receivables.

The Group and the Company define a financial instrument as default, which is aligned with the definition of credit-impaired, when the debtor meets unlikelihood to pay criteria, which indicates the debtor is in significant financial difficulty. The Group and the Company consider the following instances:

- The debtor is in breach of financial covenants
- Concessions have been made by the Group and the Company related to the debtor's financial difficulty
- It is becoming probable that the debtor will enter bankruptcy or other financial reorganisation
- The debtor is insolvent.

(h) Financial assets *cont'd*

(iv) Impairment *cont'd*

Financial assets that are credit-impaired are assessed for impairment on an individual basis.

The Group and the Company write off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded there is no reasonable expectation of recovery. The assessment of no reasonable expectation of recovery is based on unavailability of debtor's sources of income or assets to generate sufficient future cash flows to repay the amount. The Group and the Company may write-off financial assets that are still subject to enforcement activity.

(i) Financial liabilities

Financial liabilities are initially recognised at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss. Financial liabilities carried at fair value through profit or loss are initially recognised at fair value, and transaction costs are expensed in profit or loss.

Fair value through profit or loss category comprises financial liabilities that are derivatives (except for a derivative that is a financial guarantee or a designated and effective hedging instrument) or financial liabilities that are specifically designated into this category upon initial recognition.

All financial liabilities are subsequently measured at amortised cost using the effective interest method other than those categories as fair value through profit or loss.

Other financial liabilities categories as fair value through profit or loss are subsequently measured at their fair values with the gain or loss recognised in profit or loss.

(j) Inventories

Inventories are valued at the lower of cost and net realisable value after adequate allowance has been made for all deteriorated, damaged, obsolete or slow-moving inventories.

Cost is determined using the first in first out method.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

(k) Cash and cash equivalents

Cash and cash equivalents consist of cash and bank balances and deposits with banks and highly liquid investments which have an insignificant risk of changes in fair value with original maturities of three month or less, and are used by the Group and the Company in the management of their short-term commitments.

(l) Equity instruments

(i) Share capital

Ordinary shares and non-redeemable preference shares with discretionary dividends are classified as equity. Other shares are classified as equity and/or liability according to the economic substance of the particular instrument.

The transaction costs of an equity transaction are accounted for as a deduction from equity, net of tax. Equity transaction costs comprise only those incremental external costs directly attributable to the equity transaction which would otherwise have been avoided.

2. BASIS OF PREPARATION AND MATERIAL ACCOUNTING POLICY INFORMATION *cont'd*

(l) Equity instruments *cont'd*

(ii) Dividend distribution

Distributions to holders of an equity instrument are debited directly to equity, net of any related income tax benefit and the corresponding liability is recognised in the period in which the dividends are approved.

(m) Current and deferred income tax

The tax expense for the period comprises current and deferred income tax. Tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case the tax is also recognised in other comprehensive income or directly in equity, respectively.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted by the end of the reporting period, and any adjustment to tax payable in respect of previous financial years.

Deferred tax is recognised, using the liability method, on temporary differences arising between the amounts attributed to assets and liabilities for tax purposes and their carrying amounts in the financial statements. However, deferred tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred tax is determined using tax rates that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, unused tax losses or unused tax credits can be utilised.

Deferred and current tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred income tax assets and liabilities relate to taxes levied by the same taxation authority on either the taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

(n) Employee benefits

(i) Short-term employee benefits

Short-term employee benefit obligations in respect of salaries, annual bonuses, paid annual leave and sick leave are measured on an undiscounted basis and are expensed as the related service is provided.

A liability is recognised for the amount expected to be paid under short-term cash bonus or profit-sharing plans if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

(ii) Defined contribution plans

As required by law, companies in Malaysia make contributions to the state pension scheme, the Employees Provident Fund ("EPF"). Such contributions are recognised as an expense in profit or loss in the period to which they relate.

(n) Employee benefits *cont'd*

(iii) Share-based payments

The Group operates an equity-settled, share-based compensation plan under which the entity receives services from employees as consideration for equity instruments (options) of the Group. The fair value of the employee services received in exchange for the grant of the options is recognised as an expense. The total amount to be expensed is determined by reference to the fair value of the options granted.

The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied.

At the end of each reporting period, the Company revises its estimates of the number of options that are expected to vest based on the non-market vesting conditions. It recognises the impact of the revision to original estimates, if any, in profit or loss, with a corresponding adjustment to share option reserve in equity.

When the options are exercised, the Company issues new shares. The proceeds received net of any directly attributable transaction costs are credited to share capital when the options are exercised. When options are not exercised and lapsed, the share option reserve is transferred to retained earnings.

In its separate financial statements of the Company, the grant by the Company of options over its equity instruments to the employees of subsidiaries in the Group is treated as services provided to the subsidiaries. The fair value of options granted to employees of the subsidiaries in exchange for the services of the employees to the subsidiaries are recognised as payables from subsidiaries, with a corresponding credit to equity of the Company.

(o) Revenue and income recognition

(i) Revenue from contracts with customers

Revenue is recognised by reference to each distinct performance obligation promised in the contract with customer when or as the Group transfers the control of the goods or services promised in a contract and the customer obtains control of the goods or services. Depending on the substance of the respective contract with customer, the control of the promised goods or services may transfer over time or at a point in time.

A contract with customer exists when the contract has commercial substance, the Group and its customer has approved the contract and intend to perform their respective obligations, the Group's and the customer's rights regarding the goods or services to be transferred and the payment terms can be identified, and it is probable that the Group will collect the consideration to which it will be entitled to in exchange of those goods or services.

Revenue from services rendered represents charges for inpatient, outpatient and ambulatory care.

(a) Inpatient and outpatient

This comprises of obstetrics and gynaecological services offered by the Group. Obstetrics services focus on healthcare services relating to pregnancy, from pre-pregnancy screenings, delivery up to post-natal check-ups whereas gynaecology services focus on female reproductive health, including breasts, ovaries, uterus and vagina organ.

(b) Ambulatory care

Ambulatory care covers fertility treatments such as IVF, IUI, blastocyst culture, surgical sperm retrieval, PGT and assisted hatching.

Revenue from services rendered is recognised over time when the services are rendered and the patients simultaneously receives and consumes the benefits from the services rendered by the Group, and the Group has a present right to payments from the services.

(ii) Other revenue and income

Revenue and income from other sources are recognised as follows:

Dividend income

Dividend income is recognised when the right to receive payment is established.

Rental income

Rental income is recognised on a straight-line basis over the tenure of the lease.

Interest income

Interest income is recognised on an accrual basis using the effective interest method.

(p) Leases

(i) Accounting by lessee

Leases are recognised as right-of-use assets and a corresponding liability at the commencement date on which the leased asset is available for use by the Group and the Company.

In determining the lease term, the Group and the Company consider all facts and circumstances that create an economic incentive to exercise an extension option, or not to exercise a termination option. Extension or termination options are taken into consideration in determining the lease term if it is reasonably certain that the lease will be extended or terminated.

Right-of-use assets are initially measured at cost comprising the following:

- The amount of the initial measurement of lease liability;
- Any lease payments made at or before the commencement date less any lease incentive received;
- Any initial direct costs; and
- Decommissioning or restoration costs

Right-of-use assets are subsequently measured at cost, less accumulated depreciation and impairment loss. The right-of-use assets are depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. If the Group and the Company is reasonably certain that it will exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life.

(p) Leases *cont'd*

(i) Accounting by lessee *cont'd*

Lease liabilities are initially measured at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, the lessee's incremental borrowing rate is used. Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Short-term leases are leases with a lease term of 12 months or less. Payments associated with short-term leases of low-value assets are recognised on a straight-line basis as an expense in profit or loss.

(ii) Accounting by lessor

The Group and the Company determine at lease inception whether each lease is a finance lease or operating lease. To classify each lease, the Group and the Company make an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset to the lessee.

Operating leases

The Group and the Company classify a lease as an operating lease if the lease does not transfer substantially all the risks and rewards incidental to ownership of an underlying asset to the lessee.

The Group and the Company recognise lease payments received under operating leases as lease income on a straight-line basis over the lease term.

Liquidity risk

Liquidity risk is the risk that the Group and the Company will not be able to meet its financial obligations as they fall due. The Group's and the Company's exposure to liquidity risks arises principally from trade and other payables, and lease liabilities.

Cash flow forecasting is performed by monitoring the Group's and the Company's liquidity requirements to ensure that it has sufficient liquidity to meet operational, financing repayments and other liabilities as they fall due.

The table below summarises the maturity profile of the Group's and the Company's financial liabilities as at the end of the reporting period based on contractual undiscounted payments:

| | Carrying amount RM | Contractual interest rate % | Contractual cash flows RM | Below 1 year | Between 2 and 5 years | Above 5 years | | | |

Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and cash flow and fair value interest rate risk that may affect the Group's and the Company's financial position and cash flows. As at the end of the reporting period, the Group and the Company are not significantly exposed to foreign exchange rate risk.

(i) *Interest rate risk*

The Group's income and operating cash flows are substantially independent of changes in market interest rates. Interest rate exposure arises from borrowings. The Group does not hedge the interest rate risk.

Exposure to interest rate risk

The interest rate profile of the Group's significant interest-bearing financial instruments, based on carrying amount as at the end of the financial year are as follows:

| | Group/Company | |
|--|---------------|-----------|
| | 2024 | 2023 |
| | RM | RM |
| Fixed rate instruments | | |
| Fixed deposits placed with a licensed bank | 31,726,900 | 3,361,455 |

Fair value information

The carrying amounts of cash and cash equivalents, short term receivables and payables, reasonably approximate their fair values due to the relatively short term nature of these financial instruments.

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

- Level 1 : Quoted prices in active markets for identical assets or liabilities.
- Level 2 : Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 : Inputs for the asset or liability that is not based on observable market data.

The following table analyses the fair value hierarchy for financial instruments carried at fair value in the statements of financial position:

| | 2024 | 2023 |
|---|-----------------------|-----------------------|
| | Level 1 Fair value | Level 1 Fair value |
| | RM | RM |
| Group | | |
| Financial assets | | |
| Financial assets at fair value through profit or loss | | |
| - Other investment | 3,758,143 | 3,075,156 |

Level 1 fair value is derived from quoted prices from active markets for identical financial assets or liabilities readily available to the Group at the measurement date. Financial instruments included in level 1 primarily comprise of held for trading investments quoted on FTSE Bursa Malaysia KLCI.

25. CAPITAL MANAGEMENT

The objective of the Group on capital management is to ensure that it maintains a strong credit rating and safeguard the Group's ability to continue as a going concern, so as to support its business, maintain the market confidence and maximise shareholder value.

The management does not set a target level of gearing but uses capital opportunistically to support its business and to add value for shareholders.

There were no changes to the Group's approach to capital management during the financial year.

26. SIGNIFICANT EVENT

On 15 November 2024, the Company successfully transferred its listing to the ACE Market of Bursa Malaysia Securities Berhad, with the listing and quotation of its entire enlarged issued share capital of RM56,287,798, comprising 978,905,000 ordinary shares.

27. SUBSEQUENT EVENT

On 12 February 2025, the Group announced that its wholly-owned subsidiary, K.W. Tee Sdn. Bhd. ("KWT"), had entered into a Sale and Purchase Agreement with Summer Healthcare Sdn. Bhd., for acquisition of freehold land together with a 4-storey shop office located in Selangor, for a total purchase consideration of RM9,500,000.

On 4 April 2025, KWT received an offer for an Islamic banking facility from a financial institution amounting to RM9,050,000 to part finance the acquisition of the said property and the construction/renovation cost. The acquisition is yet to be completed as at the reporting date.

NOTICE OF ANNUAL GENERAL MEETING

(Cont'd)

EXPLANATORY NOTES TO ORDINARY AND SPECIAL BUSINESS

1. Item 1 of the Agenda – Audited Financial Statements for the financial year ended 31 December 2024

The Agenda is meant for discussion only as the provision of Section 340(1)(a) of the Act does not require a formal approval of members for the Audited Financial Statements. Hence, Agenda No. 1 will not be put forward for voting.

2. Items 2 and 3 of the Agenda – Directors' Fees and/or Benefits

Pursuant to Section 230(1) of the Act, the Directors' fees and/or any benefits payable to the Directors of a listed company and its subsidiaries shall be approved by the shareholders at a general meeting. The resolutions are to facilitate:-

- (a) the payment of Directors' fees for the financial year ending 31 December 2025; and
- (b) the payment of Directors' benefits for the period commencing from the date immediately after this 15th AGM until the next AGM of the Company.

3. Item 4 of the Agenda – Re-election of Directors

Clause 89 of the Company's Constitution provides that one-third (1/3) of the Directors of the Company for the time being or, if their number is not three (3) or a multiple of three (3), then the number nearest to one-third (1/3) shall retire from office and be eligible for re-election PROVIDED ALWAYS that all Directors shall retire from office at least once every three (3) years but shall be eligible for re-election.

Dr. Kong Lan Moon and Mr. Seah Cheong Wei will retire by rotation pursuant to Clause 89 of the Company's Constitution ("the Retiring Directors"). The Retiring Directors, being eligible, have offered themselves for re-election at the 15th AGM.

The Board has endorsed the Nomination Committee's recommendation to seek shareholders' approval to re-elect the Retiring Directors as they possess the required skill sets to facilitate and contribute to the Board's effectiveness and value.

The Retiring Directors had abstained from all deliberations and decisions on their own eligibility to stand for re-election at the Board meeting.

The details and profiles of the said retiring Directors are provided in the Profile of Directors of the Company's Annual Report 2024.

4. Item 6 of the Agenda – General Authority for the Directors to Issue and Allot Shares Pursuant to Sections 75 and 76 of the Companies Act 2016

The Ordinary Resolution 6 proposed under item 6 of the Agenda is to seek a general mandate for issuance and allotment of shares by the Company pursuant to Sections 75 and 76 of the Act. This Ordinary Resolution, if passed, is to empower the Directors to issue and allot new shares in the Company up to an amount not exceeding in total ten per centum (10%) of the total number of issued shares of the Company for such purposes as the Directors consider would be in the interest of the Company. This would avoid any delay and cost involved in convening a general meeting to approve the issuance and allotment of such shares. This authority, unless revoked or varied by the Company at a general meeting, will expire at the conclusion of the next AGM or the expiration of the period within which the next AGM is required by law to be held, whichever is earlier.

This general mandate will provide flexibility to the Company for issuance and allotment of shares for any possible fund-raising activities, including but not limited to further placing of shares, for the purpose of funding current and/or future project(s), working capital, acquisitions, investments and/or for issuance of shares as a form of settlement of purchase consideration or such other applications as the Directors may deem fit and expedient in the best interest of the Company.

This is the first general mandate to be sought by the Company since its listing on the ACE Market of Bursa Securities on 15 November 2024. As at the date of this notice, there is no decision to issue new Shares but the Directors consider it desirable to have the flexibility permitted to respond to market developments and to enable allotments to take place to finance business opportunities. Should there be a decision to issue new Shares after the general mandate is sought, the Company will make an announcement in respect thereof.

5. Item 7 of the Agenda – Proposed New Shareholders' Mandate

The Ordinary Resolution 7 proposed under item 7 of the Agenda, if passed, will give the mandate to the Group to enter into recurrent related party transactions of a revenue and/or trading nature pursuant to Rule 10.09 of the Listing Requirements of Bursa Securities. The mandate, unless revoked or varied by the Company at a general meeting, will expire at the next AGM of the Company.

Please refer to the Circular to Shareholders dated 30 April 2025 for further details.

Notes:

- a) A member who is entitled to present, participate, speak and vote at the Meeting shall be entitled to appoint more than one (1) proxy to attend and vote at the Meeting in his/her stead. Where a member appoints more than one (1) proxy, he/she shall specify the proportion of his/her shareholdings to be represented by each proxy.
- b) A proxy may, but need not, be a member of the Company. A member may appoint any person to be his proxy. A proxy appointed to attend and vote at the Meeting shall have the same rights as the member to speak and vote at the Meeting.
- c) The instrument appointing a proxy shall be in writing signed by the appointor or his attorney duly authorised in writing or, if the appointor is a corporation, either under its common seal or signed by an officer or attorney duly authorised.
- d) Where a member of the Company is an authorised nominee as defined under the Securities Industry (Central Depositories) Act 1991, it may appoint one (1) proxy in respect of each securities account it holds with ordinary shares of the Company standing to the credit of the said securities account.
- e) Where a member of the Company is an exempt authorised nominee which holds ordinary shares in the Company for multiple beneficial owners in one (1) securities account ("omnibus account"), there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each omnibus account it holds. The appointment of multiple proxies shall not be valid unless the proportion of its shareholdings represented by each proxy is specified.
